WHEREAS, The County of Dakota, Nebraska (the "County") is a body politic and corporate duly organized and existing as a county under the laws of the State of Nebraska and is authorized and empowered by the provisions of Section 2 of Article XIII of the Nebraska Constitution and Sections 18-1614 to 18-1623, R.R.S. Neb., 1943, as amended (the "Act"), to acquire one or more "projects", as that term is defined in the Act, and to issue pollution control revenue bonds for the purpose of paying the cost of acquiring the same; and

WHEREAS, the County has been requested to issue and sell an additional series of its Industrial Development Pollution Control Revenue Bonds pursuant to the provisions of the Act for the purpose of paying the cost of the facilities more particularly described in Exhibit "A" attached hereto and which will constitute a "project" as defined in the Act (the "Project"), to be leased to Iowa Beef

Processors, Inc., a Delaware corporation qualified to do business in Nebraska (the "Lessee"); and

WHEREAS, the Lessee has agreed to indemnify the County for any claims against the County and for any costs incurred by it in connection with the proposed bond issuance; and

WHEREAS, it is deemed necessary and advisable that the County take such action as may be required under the Act to authorize and issue its pollution control revenue bonds for such purpose in order to promote, develop and advance the general prosperity and economic welfare of the people of Nebraska; and

WHEREAS, a Memorandum of Agreement has been prepared setting forth the respective agreements and undertakings of the County and the Lessee with respect to the issuance by the County of its pollution control revenue bonds for the purpose of acquiring the Project; and

WHEREAS, the Board of Commissioners of the County wishes to declare its intention to authorize an issue of Industrial Development Pollution Control Revenue Bonds of the County qualifying under Section 103(c)(4) or (6) of the Internal Revenue Code of 1954, as amended, for the purpose of paying the cost of acquiring or improving the Project, when so requested by the Lessee, upon such terms and conditions as may then be agreed upon by the County, the Lessee and the purchasers of the bonds.

NOW, THEREFORE, BE IT RESOLVED BY THE GOVERNING BODY OF THE COUNTY OF DAKOTA, NEBRASKA:

Section 1. The County does hereby declare its intention to authorize the issuance of its Industrial Development Pollution Control Revenue Bonds in one or more additional series under and in accordance with the applicable statutes of the State of Nebraska, and particularly the Act, in such amounts, but not to exceed One Million Five Hundred Thousand Dollars (\$1,500,000), and upon such terms and conditions as may be agreed upon by the County, the Lessee and the purchasers of the bonds, for the purpose of paying the costs of the project which is to be located in Dakota County, Nebraska and leased to the Lessee, the issuance of the bonds to be authorized by resolution of the Board of Commissioners at a meeting to be held for such purpose, the receipt of an agreement on the part of Lessee to

indemnify the County for any claims against the County in connection with the proposed bond issue, the approval of the County, upon advice of the County Attorney, of the final documentation, and receipt at the closing with respect to the sale of such bonds of an approving legal opinion of Messrs. Cline, Williams, Wright, Johnson & Oldfather of Lincoln, Nebraska.

Section 2. The Lessee is authorized to use "interim" or "construction" financing until the bonds are issued and to use the Project prior to the issuance of the bonds.

Section 3. This Resolution is hereby declared to constitute official action of the County to evidence its intent to issue industrial development pollution control revenue bonds qualifying under Section 103(c)(4) or (6) of the Internal Revenue Code of 1954, as amended.

Section 4. A Memorandum of Agreement, substantially in the form and of the content set forth in Exhibit "A" attached hereto, be entered into with the Lessee.

Section 5. This Resolution shall be in full force and effect from and after its passage.

PASSED AND APPROVED this 6th day of February, 1978.

MEMORANDUM OF AGREEMENT

This Memorandum of Agreement is between The County of Dakota, Nebraska (hereinafter referred to as the "County"), and Iowa Beef Processors, Inc. (hereinafter referred to as the "Lessee"), a Delaware corporation qualified to do business in Nebraska:

1. Preliminary Statement. Among the matters of mutual inducement which have resulted in the execution of this Agreement are the following:

(a) The County is a body politic and corporate, duly organized and existing as a county within the State of Nebraska (the "State") under the laws of the State and is authorized and empowered by the provisions of Section 2 of Article XIII of the Nebraska Constitution and Sections 18-1614 to 18-1623, R.R.S. Neb. 1943, as amended (the "Act") to acquire one or more "projects", as that term is defined in the Act, and to lease any such project to others and to issue its pollution control revenue bonds for the purpose of paying the cost of acquiring or improving any such project;

(b) Lessee has requested that the County issue and sell an additional series of industrial development pollution control revenue bonds pursuant to the provisions of the Act in one or more series for the purpose of paying costs of purchasing land and constructing and equipping thereon certain additional pollution control facilities and related improvements which shall be suitable for use by manufacturing or industrial enterprises (the "Project");

(c) The Project, taken as a whole, will constitute a "project" as defined in the Act; and

(d) The County finds that the Project and its development under the Act will be economically advantageous to the State and the general public welfare and will contribute to the economic growth of the State and that the Lessee is financially responsible.

2. Undertakings on the Part of the County. In order to effectuate the purposes of the Act, and to promote, develop and advance

BOARD OF COMMISSIONERS

the general prosperity and economic welfare of the people of the State, the County hereby determines:

(a)(i) That it will authorize, issue and sell one or more additional series of its pollution control revenue bonds pursuant to the Act in a principal amount sufficient to pay the cost of acquiring, by construction, purchase, lease or otherwise, the Project, including reimbursement or repayment to the Lessee of any moneys expended by the Lessee for planning and engineering, interest to be paid during construction, underwriting expenses, attorney and bond counsel fees, and other costs incident to the authorization, issuance and sale of such bonds, the aggregate cost thereof being presently estimated to be no more than \$1,500,000, and will enter into a lease with respect thereto with the Lessee whereby the payments to be paid by the Lessee shall be sufficient to pay all principal of and interest upon such pollution control revenue bonds as and when the same respectively become due and payable; (ii) that it will adopt such resolutions and authorize the execution and delivery of such instruments and the taking of such actions as may be necessary or advisable for the authorization, issuance and sale of such pollution control revenue bonds and acquiring, equipping and completing the Project and for the execution of the lease with respect to the Project and will cooperate with the Lessee to endeavor to find a purchaser or purchasers for its pollution control revenue bonds; and (iii) that it will take or cause to be taken such other actions as may be required to implement the aforesaid, as it may deem appropriate in pursuance thereof; provided that all of the foregoing shall be as authorized by law and as mutually acceptable to the County and the Lessee;

(b) The County recognizes that the aggregate principal amount of pollution control revenue bonds herein authorized may not be sufficient to complete the Project and agrees that the documents relating to such pollution control revenue bonds may permit issuance of additional bonds from time to time to complete the Project.

(c) The County authorizes the Lessee to incur "interim" or "construction" financing prior to the issuance of the bonds and to use the Project facilities if available prior to the issuance of any such pollution control revenue bonds; and

(d) Prior to the issuance of any series of bonds, the County shall, if required, do such things as may be required by Section 103(c)(4) or (6) of the Internal Revenue Code of 1954, as amended, and in the manner as prescribed by the Federal Income Tax Regulations in order to assure that issuance of the bonds is in all respects in compliance therewith.

3. Undertakings on the Part of the Lessee. Subject to the conditions above stated, the Lessee agrees as follows:

(a) It will use all reasonable efforts to find one or more purchasers for the pollution control revenue bonds to be issued by the County;

(b) It will enter into a contract or contracts for the acquisition, construction, equipping and improving of the Project;

(c) Contemporaneously with the delivery of any pollution control revenue bonds it will enter into a lease or other agreement with the County under the terms of which the Lessee will obligate itself to pay to the County sums sufficient in the aggregate to pay the principal of and interest and redemption premium, if any, on all pollution control revenue bonds as and when the same shall become due and payable, such lease or other agreement to contain such provisions required by law and other provisions as shall be mutually acceptable to the County and the Lessee; and

(d) It will take such further action and adopt such further proceedings as may be required to implement its aforesaid undertakings or as it may deem appropriate in pursuance thereof.

4. General Provisions.

(a) All commitments of the County under paragraph 2 hereof and of the Lessee under paragraph 3 hereof are subject to the condition that on or before three (3) years from the date hereof (or such other date as shall be mutually satisfactory to the County and the Lessee), the County and the Lessee shall have agreed to mutually acceptable terms and conditions with respect to the documents and proceedings referred to in paragraphs 2 and 3 hereof; and

(b) If the events set forth in (a) of this paragraph do not take place within the time set forth or any extension thereof and all pollution control revenue bonds are not sold within such time, the Lessee agrees that it will reimburse the County for all reasonable and necessary expenses which the County may incur at its request arising from the execution of this Agreement and the performance by the County of its obligations hereunder, and this Agreement shall thereupon terminate.

IN WITNESS WHEREOF, the parties hereto have entered into this Agreement by their officers thereunto duly authorized as of the 6th day of February, 1978.

MEMORANDUM OF AGREEMENT

This Memorandum of Agreement is between The County of Dakota, Nebraska (hereinafter referred to as the "County"), and Iowa Beef Processors, Inc. (hereinafter referred to as the "Lessee"), a Delaware corporation qualified to do business in Nebraska:

1. Preliminary Statement. Among the matters of mutual inducement which have resulted in the execution of this Agreement are the following:

(a) The County is a body politic and corporate, duly organized and existing as a county within the State of Nebraska (the "State") under the laws of the State and is authorized and empowered by the provisions of Section 2 of Article XIII of the Nebraska Constitution and Sections 18-1614 to 18-1623, R.R.S. Neb. 1943, as amended (the "Act") to acquire one or more "projects", as that term is defined in the Act, and to lease any such project to others and to issue its pollution control revenue bonds for the purpose of paying the cost of acquiring or improving any such project;

(b) Lessee has requested that the County issue and sell an additional series of industrial development pollution control revenue bonds pursuant to the provisions of the Act in one or more series for the purpose of paying costs of purchasing land and constructing and equipping thereon certain additional pollution control facilities and related improvements which shall be suitable for use by manufacturing or industrial enterprises (the "Project");

(c) The Project, taken as a whole, will constitute a "project" as defined in the Act; and

(d) The County finds that the Project and its development under the Act will be economically advantageous to the State and the general public welfare and will contribute to the economic growth of the State and that the Lessee is financially responsible.

2. Undertakings on the Part of the County. In order to effectuate the purposes of the Act, and to promote, develop and advance

BOARD OF COMMISSIONERS

the general prosperity and economic welfare of the people of the State, the County hereby determines:

(a)(i) That it will authorize, issue and sell one or more additional series of its pollution control revenue bonds pursuant to the Act in a principal amount sufficient to pay the cost of acquiring, by construction, purchase, lease or otherwise, the Project, including reimbursement or repayment to the Lessee of any moneys expended by the Lessee for planning and engineering, interest to be paid during construction, underwriting expenses, attorney and bond counsel fees, and other costs incident to the authorization, issuance and sale of such bonds, the aggregate cost thereof being presently estimated to be no more than \$1,500,000, and will enter into a lease with respect thereto with the Lessee whereby the payments to be paid by the Lessee shall be sufficient to pay all principal of and interest upon such pollution control revenue bonds as and when the same respectively become due and payable; (ii) that it will adopt such resolutions and authorize the execution and delivery of such instruments and the taking of such actions as may be necessary or advisable for the authorization, issuance and sale of such pollution control revenue bonds and acquiring, equipping and completing the Project and for the execution of the lease with respect to the Project and will cooperate with the Lessee to endeavor to find a purchaser or purchasers for its pollution control revenue bonds; and (iii) that it will take or cause to be taken such other actions as may be required to implement the aforesaid, as it may deem appropriate in pursuance thereof; provided that all of the foregoing shall be as authorized by law and as mutually acceptable to the County and the Lessee;

(b) The County recognizes that the aggregate principal amount of pollution control revenue bonds herein authorized may not be sufficient to complete the Project and agrees that the documents relating to such pollution control revenue bonds may permit issuance of additional bonds from time to time to complete the Project;

(c) The County authorizes the Lessee to incur "interim" or "construction" financing prior to the issuance of the bonds and to use the Project facilities if available prior to the issuance of any such pollution control revenue bonds; and

(d) Prior to the issuance of any series of bonds, the County shall, if required, do such things as may be required by Section 103(c)(4) or (6) of the Internal Revenue Code of 1954, as amended, and in the manner as prescribed by the Federal Income Tax Regulations in order to assure that issuance of the bonds is in all respects in compliance therewith.

3. Undertakings on the Part of the Lessee. Subject to the conditions above stated, the Lessee agrees as follows:

(a) It will use all reasonable efforts to find one or more purchasers for the pollution control revenue bonds to be issued by the County;

(b) It will enter into a contract or contracts for the acquisition, construction, equipping and improving of the Project;

(c) Contemporaneously with the delivery of any pollution control revenue bonds it will enter into a lease or other agreement with the County under the terms of which the Lessee will obligate itself to pay to the County sums sufficient in the aggregate to pay the principal of and interest and redemption premium, if any, on all pollution control revenue bonds as and when the same shall become due and payable, such lease or other agreement to contain such provisions required by law and other provisions as shall be mutually acceptable to the County and the Lessee; and

(d) It will take such further action and adopt such further proceedings as may be required to implement its aforesaid undertakings or as it may deem appropriate in pursuance thereof.

4. General Provisions.

(a) All commitments of the County under paragraph 2 hereof and of the Lessee under paragraph 3 hereof are subject to the condition that on or before three (3) years from the date hereof (or such other date as shall be mutually satisfactory to the County and the Lessee), the County and the Lessee shall have agreed to mutually acceptable terms and conditions with respect to the documents and proceedings referred to in paragraphs 2 and 3 hereof; and

(b) If the events set forth in (a) of this paragraph do not take place within the time set forth or any extension thereof and all pollution control revenue bonds are not sold within such time, the Lessee agrees that it will reimburse the County for all reasonable and necessary expenses which the County may incur at its request arising from the execution of this Agreement and the performance by the County of its obligations hereunder, and this Agreement shall thereupon terminate.

IN WITNESS WHEREOF, the parties hereto have entered into this Agreement by their officers thereunto duly authorized as of the 6th day of February, 1978.

A RESOLUTION FOR LOCAL ADOPTION
of an
AREAWIDE HOUSING STRATEGY FOR SIOUXLAND

WHEREAS, the Board of Commissioners of the County of Dakota County recognizes that sound and adequate shelter is a basic human need, that each resident of Siouxland is entitled to a decent home, and that the provision of this housing is a public as well as private responsibility; and,

WHEREAS, the County of Dakota County is a participating member of the Siouxland Interstate Metropolitan Planning Council and as such has participated in the SIMPCO development and adoption of an Areawide Housing Strategy, including an Areawide Housing Opportunity Plan;

NOW, THEREFORE, BE IT RESOLVED by the Board of Commissioners of the County of Dakota County that:

Section 1. It hereby affirms its role in the implementation of the SIMPCO Areawide Housing Strategy, including the Areawide Housing Opportunity Plan as described in Section Five of Housing in Siouxland: A Regional Strategy, as adopted by SIMPCO March 9, 1978.

Section 2. It hereby agrees to cooperate with other jurisdictions and SIMPCO in developing, adopting, and assisting in the implementation of the Areawide Housing Strategy.

Section 3. It hereby agrees to cooperate with other jurisdictions and SIMPCO in developing and using mutually agreed upon sources of data, assessments of housing assistance needs and goals, and common definitions of terms in developing its future Housing Assistance Plans.

BOARD OF COMMISSIONERS

PETITION TO VACATE COUNTY ROAD

Comes now OSCAR B. STONE and CHARELENE STONE, husband and wife, and petition the Board of County Commissioners of Dakota County, Nebraska, to vacate and forever close to the public the following described county road, to-wit:

The ungraveled, unofficial county road which runs generally Northeast-Southwest through Sections 24 and 25, Township 29 North, Range 8, East of the 6th P.M., Dakota County, Nebraska, and which is bounded on the North by an East-West county road running generally through the center of said Section 24 and which is commonly described as the West 19th Street road; and bounded on the South by an East-West county road which runs generally through the North part of said Section 25 and is commonly referred to as old Highway No. 20 or Walker Island Road.

That said road is sandy and unstable in character; is partially blocked because it is used for illegal dumping; that it is subject to extreme drifting in winter and is a continual large expense to these Petitioners and the County and very little benefit to the public in general. Also, said road constitutes a law enforcement problem.

That said road which is asked to be abandoned runs almost entirely through land owned by these Petitioners.

That after abandonment, said road should be conveyed one-half to the owners of each side thereof.

WHEREFORE PETITIONERS PRAY that the said road above described be abandoned and that notice thereof and action therein be according to the laws of the State of Nebraska.

HIGHWAY SUPERINTENDENT'S REPORT

On March 8, 1978, Oscar B. Stone and Charelene Stone and others petitioned the Dakota County Board of Commissioners to vacate the following described road, to wit:

① The ungraveled county road which runs generally Northeast-Southwest through Sections 24 and 25, T. 29 N., R. 8 E. of the 6th P.M., Dakota County, Nebraska, and which is bounded on the North by an East-West county road running generally through the center of said Section 24 and which is commonly described as the West 9th Street road; and bounded on the South by an East-West county road which runs generally through the North part of said Section 25 and is commonly referred to as old Highway No. 20 or Walker Island road.

On March 13, 1978, the Dakota County Board of Commissioners directed me to study the use being made of this road and to submit to them in writing a report on the study and a recommendation as to the vacation of the road.

I have studied the use being made of this road, and I report to the Board that the road is used primarily for amusement rather than for transportation. It is a well frequented night-time parking place and a nuisance both to the County Sheriff's Department and to nearby residents. The road is also used as a trash and garbage dump.

No one lives along this road, and no one's property would be isolated if the road is vacated. The road is neither a school bus route, nor a mail route, nor a Federal-Aid Secondary route. Although the road is not now used by arterial traffic, the Nebraska Department of Roads classifies the road as a Rural Other Arterial route. This classification, which may be based on a supposed future use of the road, does not in itself seem to justify keeping the road open.

I therefore recommend to the Dakota County Board of Commissioners that this road be vacated.

RESOLUTION

WHEREAS the one-mile segment of north-south county road beginning at the South 1/4 Corner of Section 1, T.88N., R.48W. Dakota County, and ending at the North 1/4 Corner of said Section 1 needs to be rebuilt, and

WHEREAS said road was not included in the One-Year Plan for road construction adopted by the Dakota County Board of Commissioners February 14, 1978, because of the erroneous belief that said county did not own a right-of-way of sufficient width, and

WHEREAS said county in fact acquired a right-of-way 66 feet wide when this road was established June 8, 1886, and

WHEREAS County Highway Superintendent George Saunders has this day recommended to said board that said road be rebuilt in 1978, now therefore

BE IT RESOLVED by the Dakota County Board of Commissioners that the reconstruction of said road is hereby added to the current One-Year Plan as Project No. C-22(59).

George Saunders presented a resolution on Jackson West Contract for bridge work. Oden Enterprises Inc. Box 26 Wahoo, Nebraska \$16.00 per hr. for the services of Robert Johanson as a crane operator and welder in the construction of bridge Jackson West Project No. C-22(5B). It is understood that Dakota County is the builder on this bridge project and that Oden Enterprises will pay Robert Johanson's wages, insurance, fringe benefits, & state and federal withholding. It is also understood Dakota Co. will decide when and for how long Robert Johanson's services are needed.

Motion was made by Daniel Rohde to hire Robert Johanson with Odin Enterprises as crane operator. It was seconded by George Shrader. Motion carried.

Motion was made by Daniel Rohde to accept resolution on one year plan as Project No. C-22(59) this is a one mile road starting at Walker Island and going north. The Motion was Seconded by George Shrader.

Ada Westover was in to see if the commissioners wanted any excess asphalt pieces in 3 foot sections and 8 inches deep. The drainage board wants to know if we want them, she suggested that they be put by County Shed and then piling would have to be placed so they wouldn't wash away. Ada said that they would pay half for pilings which would be approximately \$1,000.00. Daniel Rohde said he wasn't interested and neither was George Shrader. Ada said she would be interested in buying the County Shed if ever they wanted to sell it for whatever price.

Ada also suggested we send a letter to N R D to request money for clearing & cleaning the creeks.

Kennard Eriksen said that a HUD guy was talking to him & thinks the commissioners should change the amendments from \$2,000.00 to \$5,000.00. See attached copy.

Motion was made by George Shrader to increase the Low Income Grants, from \$2,000.00 to \$5,000.00. It was seconded by Daniel Rohde. Motion carried.

Lucille Sundt said their is distressed warants still out on personal taxes such as trailers. The board agreed to talk to Allan Bligh on this matter.

A motion was made by George Shrader and seconded by Daniel Rohde. To accept resolution on the county road beginning at the center corner of Section 32, Township 29 North, Range 9 East, Dakota County, Nebraska, and running northwesterly to the east right-of-way line of new U.S. Highway 77 in now a dead-end road and whereas it does not seem to be in the public interest to keep said road open.

Henry DeGraaff elected Daniel Rohde to an alternate on Area Aging Region IV. George Shrader needed an alternate.

Frank McKivergan came in he wants a county road put in on North line Section 16, Township 29N, Range 7 East. Said road to be 100 rods in length to be graded & gravelled.

Vincent Kramper came in and they talked about cleaning of the creeks. He stated that it is a very expensive project.

Motion was made by Daniel Rohde and seconded by George Shrader. To approve building permit for house for Larry & Mary Ellis Pt. SE 1/4 SW 1/4 Section 3 Township 27, Range 7. Motion Carried.

Marj Beermann came in to talk about an Emergency Operations Center that the City of So. Sioux City had for Sale. The total price would be \$1,434.00. The state will probably pay 50% of cost.

Motion was made by Daniel Rohde and seconded by George Shrader. To let the Civil Defense Director get the Emergency operations Center which would be the base & antenna etc. The total would be approximately \$1,434.00. The State will probably pay 50%. Motion Carried.

George Saunders brought in four letters asking for right-of-ways of land from Leo C. Andersen, Warren Armour Trust, Drainage District #5, & Marvin Chaillie. This is to build a bridge across Pigeon Creek.

Mrs. Donna Tryon & Eleanor Zant came in they are with the Expanded Nutrition Program she is concerned with the youth of the community. They would like something done with the State Park west of Van's Used Trucks. They would like it all fixed up and cleaned up. The commissioners decided that if they could get the kids to pick up the cans the County would provide the trucks to pick up the cans.

Next regular meeting will be May 15th, 1978.

COUNTY HIGHWAY SUPERINTENDENT'S REPORT
ON THE MARLOWE A. PHILLIPS ROAD VACATION

On May 8, 1978, the Dakota County Board of Commissioners directed me to study the use being made of the county road beginning at the Center Corner of Section 32, T. 29 N., R. 9 E., Dakota County, Nebraska, and running northwesterly to the east right-of-way line of new U.S. Highway 77. The Commissioners also directed me to submit to them in writing a report on the study and a recommendation as to the vacation of the road.

I have studied the use being made of this road and report that it has been severed by new U.S. Highway 77 and is now a dead-end road. It is not being used by the public.

Marlowe A. Phillips, who owns the land adjacent to and northeast of the road, would like to acquire the right-of-way when the road is vacated. In exchange for the right-of-way of this dead-end road, he has offered to give the county 0.37 acre of right-of-way needed for Project No. S-14. This exchange would be advantageous to the county.

No one's property will be isolated if the road is vacated. Wayne and Mary Hazel Riney's land, adjacent to and southwest of the road, fronts directly on a road that runs along the north-south $\frac{1}{4}$ section line of said Section 32; it will therefore not be isolated by the vacation of the dead-end road.

I recommend to the Dakota County Board of Commissioners that this dead-end road be vacated.

BOARD OF COMMISSIONERS

COMMISSIONERS PROCEEDINGS:

May 15th, 1978

The Dakota County Commissioners met in regular session on May 15th, 1978. Present were Henry DeGraaff, George Shrader, Daniel Rohde, & Linda Dahl-Secretary.

The minutes of the May 8th, 1978 meeting were read and approved.

Don Fitch came in and said that unless they can find a deed stating that the county owns 66' road right-of-way on road running north of Walker Island school. Then they would just have to use what was there.

Motion was made by Daniel Rohde and seconded by George Shrader. Regarding a Public Hearing on the vacation of said dead-end road. The County road beginning 33 feet West of the center Corner Section 32, T 29 N, R 9 E of the 6th P.M. Dakota County, Nebraska, and running northwesterly to the east right-of-way line of new U.S. Highway 77 is now a dead-end road. The County Highway Superintendent has studied the use being made of said dead-end road and has recommended that it be vacated. The Public Hearing to be held at 10:00 A.M. Monday June 5, 1978. Motion carried.

Motion was made by Daniel Rohde and seconded by George Shrader. On said resolution: BE IT RESOLVED by the Dakota County Board of Commissioners that said Board take no final action on any major or important matters unless all three commissioners are present at said Board's regular meeting place. Major or important matters include the following, but are not limited to these particular matters:

1. Approval of road construction projects or revision of the One-Year Road Construction Plan.
2. Purchase of materials for road construction projects that have not received prior approval from said Board.
3. Purchase or acceptance of road right-of-way.
4. Purchase or sale of equipment without sealed bids, said Board having the right to reject any or all bids.
5. Road matters generally, except that each commissioner shall administer his own maintenance area and personnel.
6. The Road Superintendent shall also be responsible for all roads and personnel.

The County Commissioners agreed to accept an ammendment on an agreement between the Nebraska Department of Economic Development and Dakota County. The contractor shall commence performance of this contract on September 15, 1977 and shall complete the program activities in section one, Scope of Services, above, no latter that February 15, 1979. A final report must be received by the agency within fifteen calender days of the programs actual termination and in no instance later than March 2, 1978. All other terms and conditions of the agreement remain the same.

The following people were in to protest there land evaluations:

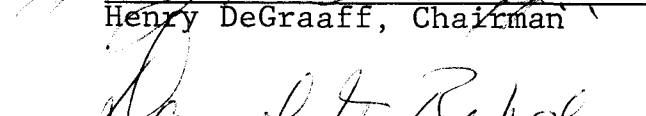

Henry Koopman, Ray Longwell, Duane A. Langerman, R.J. Meier, Florence McTaggart, Donald Miller, Joseph J. Pirog, Milford ReWinkle, Cleland Stinger, Clarence Stewart, Leander Tramp, Harvey Wenter, & Dwight Wadham.

RESOLUTION

BE IT RESOLVED by the Dakota County Board of Commissioners that said Board take no final action on any major or important matters unless all three commissioners ^{or quorum} are present at said Board's regular meeting place. Major or important matters include the following, but are not limited to these particular matters:

1. Approval of road construction projects or revision of the One-Year Road Construction Plan.
2. Purchase of materials for road construction projects that have not received prior approval from said Board.
3. Purchase or acceptance of road right-of-way.
4. Purchase or sale of equipment without sealed bids, said Board having the right to reject any or all bids,
5. Road matters generally, except that each commissioner shall administer his own maintenance area and personnel.
6. The Road Superintendent shall also be responsible for all roads and personnel.

Adopted this 15 day of May 1978, at Dakota City, Nebraska.

Dear Sheriff Bligh:

The matter of the bond for Deputy Darold Hamar has come to our attention for renewal. It is the opinion of the Board that this bond shall be cancelled at once and further, it is the wishes of the Board that any County equipment in Mr. Hamar's possession or in the possession of his son, Robert Hamar, or any of his employees be returned to the County and not used or possessed by these individuals.

Sent May 23rd by Joy Nixon

TO Governor J. J. Exon and members of the Nebraska State Board
of Equalization

Dakota County, Nebraska has updated their 1978 real estate valuations according to the land and construction cost data manuals issued by the Nebraska Department of Revenue.

These values will be used for setting the 1978 mill levies.

Dakota County, as other counties, have taxing district that extend over other county lines.

For example, fire districts, educational service units, school districts, natural resource districts, technical college districts to name a few.

Therefore, if some counties have not completed their mandatory appraisals and updating of valuations, the budgets of the overlapping taxing districts will place an unequal burden on Dakota County taxpayers.

Also, any counties that have updated, then 'cut back or rolled back' valuations to achieve so called inter county equalization have usurped the duties of the State Board of Equalization in equalizing inter county valuations.

The Dakota County Board of Equalization requests that the State Board of Equalization exercise their statutory duties and update the values of those counties that have not completed their mandatory update of values.

The Honorable Board of Commissioners
Dakota County, Nebraska
Dakota City, Nebraska

Gentlemen:

I, George Saunders, Dakota County Highway Superintendent, do hereby protest the transfer of Road and Bridge Fund money to the General Fund for the following reasons:

- 1) This is not surplus cash as alleged. This money has been accumulating over the past three years because of proper budgeting in order to pay Dakota County's share of three Federal-Aid projects that were approved by the Board at that time, namely:
 - a) Project No. RS-3565(1), Hubbard South bridge replacement. Dakota County's 30% = \$33,000.
 - b) State- and Federal-Aid Project No. BRS-3915(1), Homer North bridge replacement. Dakota County's 30% = \$15,000.
 - c) Off-System Project No. OS-7022(1), Hubbard Southeast, $1\frac{1}{2}$ miles of road construction. Dakota County's 30% = \$40,000.

This is a total of \$88,000.

- 2) The Road and Bridge Fund Budget contains a necessary cash reserve of \$73,000. The only reason that any budget

BOOK K PAGE 551 ATTACHMENT 12

has a cash reserve is to allow you to operate in the black, and not on deficit spending through registered warrants, which bear 6% interest. The total money budgeted and obligated in the Road and Bridge Fund for the three Federal-Aid projects and the cash reserve is \$161,000. As of May 1, 1978, the Road and Bridge Fund had a cash balance of \$99,000. After the April, May, and June expenses are deducted from this balance, and allowing for the additional revenue coming in during May and June, the Road and Bridge Fund will have a cash on hand reserve of about \$50,000. So you see this is not surplus cash.

- 3) The Highway Superintendent's office has been giving you a monthly breakdown of all disbursements and a running balance of your road budget so that you know how much you have spent so far in the budget year, how much this month's bills are and what they are for, how much per month your spending has been for the preceding months, and how much you can spend per month and stay within your budget (or in other words, cost accounting). This is why you have a cash reserve--simply because you knew at all times what your budget situation was. This is why we cut the county road employees back to fourteen men in December, 1977.

After the efforts that have been put forth through my office to keep the Road Department within the Road and Bridge Fund Budget, I can see no reason why funds should be transferred to another department. This will cause the Road Department to start the next fiscal year July 1, 1978, on deficit spending,

BOOK K PAGE 551 ATTACHMENT 13

and this deficit spending will continue for at least six months before our income will surpass our expenditures. These registered warrants will be drawing 6% interest in the meantime. This is no way for elected county officials to run our government, and I will have no part of it.

I realize that I have only the power of suggestion, and I have just delivered my suggestions to you.

Sincerely,

George Saunders
Dakota County Highway Superintendent

 Middle Missouri NRD

The Middle Missouri Tribs Natural Resources District is currently updating its one year certain and six year long range plan. In order to include all projects that you feel should be considered, we ask that your agency submit a complete list of projects that you would want the NRD to consider. We also ask that your council or board of directors, etc. approve any particular projects that you would want considered within the next one to five years. Remember, these projects should or must be in line with protecting, enhancing, and managing our present and future natural resources.

Areas that appear to rate high in priority are conservation, flood control, wildlife, recreation, wildlife recreation or any combination of the above areas.

Please let us know by June 15th if you have any projects you would want considered. NOTE: This is merely to be 'considered' by the NRD for planning, not necessarily approved for project expenditure.

Sincerely,

Rodney A. Storm

COMMISSIONERS PROCEEDINGS:

June 5th, 1978

The Board of County Commissioners met in regular session on June 5th, 1978. Present were Henry DeGraaff, Daniel Rohde, Linda Dahl-Secretary, George Shrader was Absent.

Larry Mitchell was in to ask about a culvert tube to be put in his new driveway. The commissioners denied the request saying they longer furnish the public with culvert tubes for their new driveways.

Wayne Boyd was in to protest land evaluation on the South Ridge Property.

Kennard Eriksen made a request for \$10,000.00 from HUD for fixing of the houses. See the attached copy.

Motion was made by Daniel Rohde and seconded by Henry DeGraaff. To accept a building permit by Dan Bloomfield on a home Section 2, Township 29, Range 6.

The Hearing on the vacation of the County Road beginning 33 feet west of the SE¼ of Government Lot 4, Sec. 32, T29N, R9E, Dakota Co. Nebr. and running in a northwesterly direction to the east right-of-way line of new U.S. Highway 77. There was present Mr. Wayne Boyd. The decision of the board will be made on June 12th, 1978.

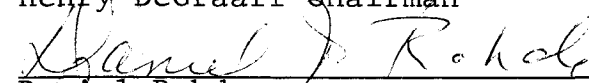

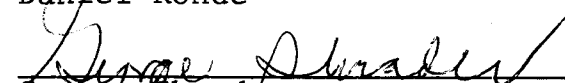

Motion was made by Daniel Rohde and Seconded by Henry DeGraaff. On the following: Upon a review of the present financial status of the various office accounts, it appears that a transfer of funds between them would result in a deficit upon expenditure of sufficient funds to continue county operations for the remainder of the current fiscal year. Thus, the board finds that a further hearing should be set to determine whether there should be an issuance of \$70,000.00 of registered warrants drawn against the county, which would enable continued county operations during said period. Said hearing is set for June 19, 1978 from 10:00 to 11:00 A.M. Don Fitch has taken action on this matter.

Wayne Shanks would like permission to be able to go to the NRD meeting and represent the County. (See attached copy) The Board agreed to have Wayne Shanks represent the County on this matter.

Next regular scheduled meeting will be June 12th, 1978,

COMMISSIONERS PROCEEDINGS:

June 12th, 1978

The board of County Commissioners met in regular session on June 12th, 1978. Present were Henry DeGraaff, George Shrader, Daniel Rohde, Bert G. Harris.

The minutes of June 5th were read & approved.

In regard to Jerry Stromer's letter on his resignation. A letter will be sent to Eldon Moor on this matter. See attached copy.

The commissioners discussed the Dakota Co. Land Fill and decided they will have to meet with the towns and cities of the county & try to work out a solution in this matter.

Jane Cleveland appeared before the board in regard to the West 9th Street which runs past their property. She was asking that something be done to straighten the road and put it on the line which would move it away from their property. She also asked that oil be placed on the road to hold down the dust because of increased traffic on this road. The Commissioners will make a decision on this matter at a later date.

Mrs. Lorraine Tillman County Health Nurse appeared before the board in regard to her vacation. Mary Rohde is fill in for her when needed.

A motion was made by Daniel Rohde and seconded by George Shrader to instruct the Highway Supt. to proceed with the condemnation on R.O.W. involved in the construction of project #C22(43) which is school land containing 1.33 acres. This is known as the Angelo Marmo road. Yes-all no-None Motion was carried.

A motion was made by Daniel Rohde and seconded by George Shrader to accept the following resolution on Project #BRS 3915(1) Homer North Yes-all No-none. Motion was carried.

A motion was made by George Shrader and seconded by Daniel Rohde to sign the agreements with the State for project #RS 3564(1) Jackson West. Yes-all No-none. Motion carried.

A motion was made by Daniel Rohde and seconded by George Shrader to sign the agreements with the State for Project #SOS 7022(3) Jackson West. Yes-all No-none. Motion carried.

Bob Lynch of the Tax Research Council appeared before the board to give recommendations and to ask questions on how the purchasing for the county was conducted & if a central purchasing agent would be possible. He also recommended that a comprehensive personal policy be established for county employees. Wages for County employees were discussed. It was his opinion that a break down of each office expense should be presented each month before the claims for the month were paid.

A motion was made by George Shrader and seconded by Daniel Rohde to allow the County Clerks office to purchase a new typewriter which will be paid for from the election budget. Two old typewriters will be traded in on this purchase. Yes-all No-none. Motion carried.

Dear Mr. DeGraaff:

The members of the State Board of Equalization are hearing from many county officials regarding equalization. Some county officials are requesting the Board to raise the valuations of neighboring counties.

Along with these letters are letters from taxpayers concerned and upset about higher valuations and higher property taxes resulting from the re-valuations.

As you know, the "penalty law", LB 131, has been challenged in the courts. This action follows the Attorney General's reservations regarding the constitutionality of the law. The Governor advised the Legislature of these concerns, but they failed to take constructive corrective action. Further introduced by the Governor, LB 899, a bill placing limitations on spending, was defeated on first reading during the last session, which prevented any effective control on increasing spending due to higher assessed valuations. Now many of the counties which notified taxpayers of higher values previously have now decided to reverse their position.

The key unanswered question is what happens to the taxpayers of Nebraska. If the Board of Equalization and Assessment was to abide by the requests of some county officials and raise everyone to the level of those counties which maintain their level of higher valuation, then what will be the impact on the taxpayers? While it is true on its face that increased valuations do not necessarily mean higher taxes, it is also true that since we have no effective ceiling on expenditures substantial tax dollars taken by local governments appear to be likely in many areas.

So that the State Board will be fully informed, I would appreciate receiving whatever information you could provide regarding what effect these higher values will have on the budgets of the local taxing entities in your county and surrounding counties. What effect will these higher values have on tax spending, dollar and cents? In short, what will be the increase in tax dollars paid by the taxpayers as a result of increased spending allowed as a result of re-valuations? This is the key question and should not be masked by academic discussions about so-called equalization and re-evaluation.

I would appreciate your response to these questions so that I might share this with members of the State Board of Equalization how the taxpayers in your county would be affected.

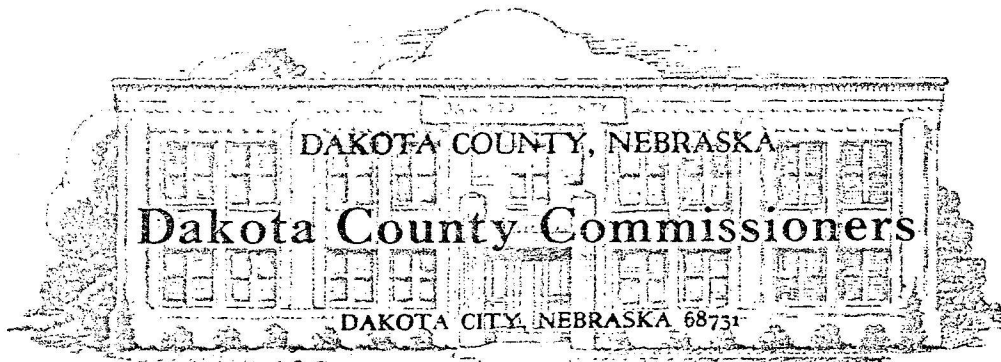

Sincerely,

TO THE NEBRASKA STATE BOARD OF EQUALIZATION
LINCOLN, NEBRASKA 68509

BOOK K PAGE 552 ATTACHMENT 5

The Dakota County Board of Equalization is concerned about the State Board of Equalization equalizing valuations of the counties of Nebraska.

The Dakota County Board of Equalization is also concerned about higher valuations resulting in higher property taxes.

Dakota County has not reversed or "rolled back" their 1978 county valuations as achieved by using the State Construction Cost Data Manual and the State Land Manual.

What happens to the taxpayers of Nebraska?

No more than what taxpayers demand from their political subdivisions.

Will local governments as a whole levy for and use more than; what the taxpayers have asked for?

We cannot estimate at this time (June 17, 1978) the amount of the budgets from the political subdivisions as no public hearings have yet been held where the taxpayers can have their input to the governing bodies.

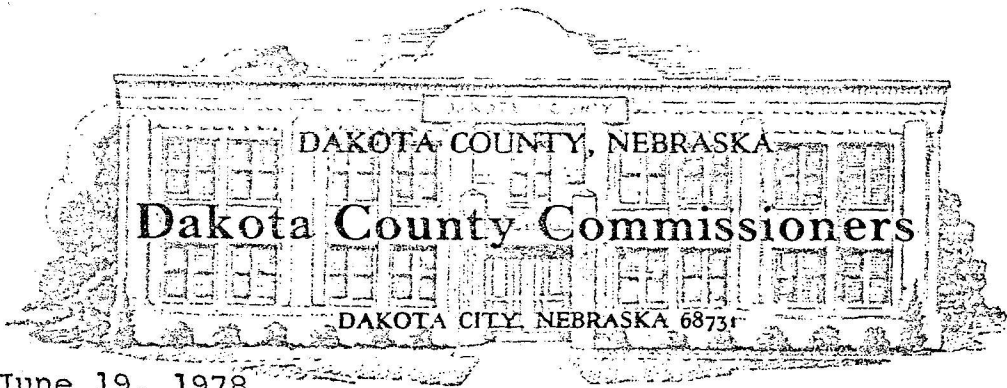

Will the budgets be higher?

Undoubtedly, due to inflation, demand for more services from the taxpayers, more rules and regulations from the State and Federal governments mandating programs and not funding them in full resulting in the bulk of the financial load being on the local subdivisions (taxpayers).

The County Board plans to meet with the political subdivisions representatives, discuss the budgets so that all concerned are aware of each others' problems before determining the levies. The Board will set the amount of our county budget at no more than it appears the needs will be and will use. In short, there will be no "fat" in the county budget.

Why is the State Board of Equalization concerned at this late date about taxes?

Shouldn't they have been concerned about the taxes as they related to equalization in overlapping taxing districts through the years?

TO THE DAKOTA COUNTY BOARD OF COMMISSIONERS:

I wish to have the permission of the County Board of Commissioners to have in the budget for fiscal year July 1, 1978 to June 30, 1979, an amount sufficient to pay for the cost of having the current soil maps enlarged.

Their size now is 3.2 inches to the mile and I wish to have them enlarged to 8 inches per mile.

This will coincide with the size of our present cadastral maps.

They will be much easier to read, easier to work with.

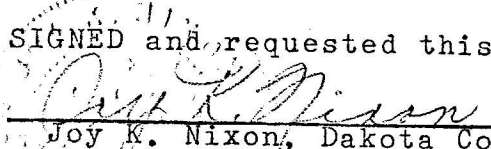

Also, this will be a permanent record of the county.

It will be a continuous use tool to work with, and this cost could be spread over the lifetime of the county.

The amount I have determined is approximately \$1,000.00.

The present bid I have is \$885.00 for the present number of copies estimated.

Nov. 5,1978

The Honorable J. James Exon
Governor of Nebraska
State Capitol
Lincoln, Nebr. 68509

Dear Governor Exon:

It is our understanding that under the Public Works and Economic Development Act of 1965, Dakota County may be eligible for federal funding for economically lagging areas if we cooperate with our neighboring counties in Iowa and South Dakota in forming and Economic Development Dist..

The Siouxland area has been beset by adverse impacts during the last eighteen months, particularly plant closings, These impacts have spilled across jurisdictional lines and have clearly indicated the need for a unified effort in turning the tide of dislocations and expanding employment and reemployment opportunities for the citizens of Dakota County and the area.

We ask that you request the Economic Development Administration (EDA) to desingate Dakota County as part of an Economic Development District which would also include Ida, Plymouth, Cherokee, Woodbury and Monona Counties in Iowa and Union county, So. Dakota. Thes Names Counties are the Geographical Composition of the Siouxland Interstate Metropolitan Planning Council.

Dakota County is currently included in a provisional Economic Development District with seventeen other northeast Nebraska counties. After discussing our situation with representatives of EDA and the Nebraska Department of Economic Development, we have determined that Dakota County's best interest lies in participating in a district which includes the Sioux City Urban Area. We have agreed to withdraw from the Northeast Nebraska District of we can be included in the Sioxland District.

Upon such district designation we will, of course, aid in the formation of and OEDPCommittee and cooperate to the fullest extent

Respectfully Yours,

Henry DeGraaff

DEC.11, 1978

The Dakota County Commissioners met in regular session, Present Daniel Rohde, Henry DeGraaff, George Shrader, Bert G. Harris nad George Saunders.

The minutes of the Dec. 4th meeting were read and approved.

Peg Goodsell a former employee appeared before the board in regard to a letter which was written to her informing her she was relieved of her duties in the Assessors office.

Rodney Smith appeared before the board to persent them with a letter explaining why he and Robert Garvey would not set in on this meeting as officials and also a list of six suggest-ions they would like impleminted. List follows.

December 11, 1978

County Commissioners
County Court House
Dakota City, Nebr.

Gentlemen:

We, Robert P. Garvey and Rodney R. Smith were appointed to the County Board on December 1, 1978. ON December 4, 1978, we qualified by filing our bonds; were duly sworn and atteded the end of your board meeting on that same day. At that time we intended to start our official duties on this 11th day of December, 1978.

Now, we regret that, because of a court order, we are temporarily prohibited from acting in any official capacity as a commissioner. We disagree with the tactics used to keep us from joining you officially. However, we want you to know that we have great concern over the future of our county and had we been allowed to join you as commissioners, we would have made the following suggestions;

1. That the new county commissioners cut their salaries in order to keep the new five man board from costing the taxpayers any additional money. As of January 4, 1979, the old three-commission system would have been paid \$6,500.00 each, or and additional cost to the taxpayers of \$13,000.00. We propose that the original \$19,000. salary for these commissioners now be divided five ways and each commissioner be paid a reduced salary of \$3,900.00, instead of \$6,500.00.
2. That the commissioners make it a strong suggestion of policy to all elected county officials that they refrain from the hiring of any spouses, relatives or family members.
3. That each county office submit periodic budget reports so that the commissioners will know (before it is to late) when a county office or department is overspending.
4. That the present County Clerk, County Treasurer and County Sheriff immediately contact their elected successors and offer to "teach them the ropes" and operation of these important offices, before they take over in January, 1979.
5. That there be and agenda prepared for each meeting of the commis-sioners.
6. That, regardless of the persons who will eventually make up the membership of the new five man board, the wise spending of the taxpayer's monies shall always be a first concern and priority.

When and if we are allowed to serve, we hope to have additional positive suggestion for the best interests of Dakota County.

Respectfully submitted,

Robert P. Garvey

Rodney R. Smith

A letter was sent to Mr. Howard Crom and Mr. Dennis Grams by the County Attorney's office in regard to a dispute over a brace post. Letter follows,

December 11, 1978

Mr. Howard Crom, R.R. #1, Hubbard, Nebr.
Mr. Dennis Grams, R.R. #1, Hubbard, Nebr.

Dear Sirs:

The Dakota County Board of Commissioners has sought the advice of this office concerning your continuing inability to resolve your contemptuous feelings for one another.

The Board has indicated that the present border line post does not adversely affect school bus traffic, and that they do not wish to institute any action to remove that post.

Beyond this, it will be necessary for yourselves to privately litigate such dispute as you may have with one another.

Sincerely,

William L. Binkard
Deputy County Attorney
Dakota County, Nebr.

The minutes of the Dec. 11th 1978, meeting were read and approved.

Rodney Smith and Robert Garvey newly appointed commissioners along with Theodore Piepho, newly elected County Clerk sat in on the Commissioners meeting. A letter was presented to the Commissioners by Rodney Smith and Robert Garvey concerning valuations and taxes, Letter follows

December 18, 1978

Dakota County Commissioners
County Court House
Dakota City, Nebr.

Gentlemen:

Dakota County Taxpayers have just suffered one of the largest tax raises in Dakota County history. The unexpected burden to the taxpayers came about because the County Clerk and County Commissioners

Con't,

were misled by incorrect valuation figures furnished by another county office. Mill levys set by the Commissioners and the County Clerk were much greater than were necessary to raise the money requested by the various cities, school districts, etc. The direct result is that the county, cities, schools, etc. will be receiving "windfalls" which amount to hundred of thousands of dollars.

The unforgivable sin would be to spend this money just because it is there. These surplus funds should be earmarked, invested and applied against next years budget so that taxes may be stabilized.

Respectfully submitted,

Robert P. Garvey

Rodney R. Smith

Craig and Kent Broyhill appeared before the Board concerning county valuation, taxes and mill livies. Letter follows,

Dear County Commissioner,

I am as concerned about taxes in the county as everyone else and because of this I Have several questions to raise.

1. With the property valuations in Dakota County increased by 2 to 3 times, why wasn't the mill levy proportionally reduced to reflect the increase?
2. Because most property taxes in Dakota County have at least doubled for 1978, what does the Commission propose to do with the excess income and what justification do you have for such a drastic increase?
3. For the past two years the county was under-budgeted, or over spent their budget, by \$70,000.00 each year. Shouldn't the mill levy and revaluation coincide and just cover the necessary increases in the budget?
4. Why are not Dakota Countians given a mill levy chart to show what their mill levy should drop too to stay proportional to the valuation increase before the Commission sets the levy on October 1, 1978, (with the revaluation in mind)?
5. When the county had the hearing last June, 1978, in the use of registered warrants in lieu of the county's \$70,000.00 budget deficit we found out that that alone represented a 19% increase from the year before.

With that type of increase it seems more likely than not that the Commissioners should get a hold of the county purse strings instead of having taxation without representation.
